Hi Cynthia,

Recommendations from Heather Lemmon. I know you are on this stuff and we have talked about pumpkin patch etc for one special weekend (I will volunteer for that weekend so you have more "grunt" personnel) but wanted to forward out of courtesy to her time and good intentions. We thanked her for her input.

Hugs,

m

Heather note:

I would encourage the market manager to start planning for a pumpkin patch, face painter, and petting zoo on the Sundays in October and to start advertising...first week in September. She needs to be at the Jet to Jetty to start the promotion and the markets in general. There has not been pumpkins at the WFM for a few years. We could capitalize on this and be the number one in town. I have not seen her for awhile...I just see her protégé.
